SUMMARY

I am an undergraduate of FEU Institute of Technology taking up Computer Science, I've been a part of different programming projects and I've used different programming languages and tools. I enjoy developing software and I'm passionate to learn more

EXPERIENCE

WEB DEVELOPER INTERN

Nerdidea Inc. / Karuhatan, Valenzuela City / December 2016 - February 2017

I was assigned to help with the development of, mainly, a schools directory website as well as some Wordpress websites.

WEB DEVELOPER INTERN

August99 Inc. / Eastwood City, Quezon City / August - November 2016

I was assign with the conversion of web designs to HTML with the use of CSS, Javascript, and Bootstrap. I was also given tasks on Wordpress development, SEO, and various website maintenance tasks.

PROJECTS

DICE POKER

A text-based, dice poker game written in C/C++

CLOSEST-PAIR GAME

An Android game based on the closest pair of points problem

BI-WEEKLY TIME LOG APPLICATION

An intranet-based application used for employee time logs

SOURCE CODE CHECKER

A software that evaluates simple source codes based on correctness as well as plagiarism within a group or class. A thesis aimed to aid programming professors on students' submissions of programming activities.
